Where international, county equivalent, and/or county subdivision coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries. Geographic area names are followed by their FIPS code.

- 1 Place label color corresponds to the place fill color.
- 2 The full census tract code consists of six digits with an implied decimal point between the fourth and fifth digits. For legibility on this map, the leading zeros have been stripped and the decimal point is shown.

Example: Census tract number on the map "33.07" represents census tract code 003307.

Due to space limitations, some road names, along with other feature and geography names on the map, may not be shown.

Note: This index map sheet provides the map sheet configuration in relation to the subject entity. Due to scale limitations, map content may be simplified. Refer to parent map sheets for detailed map content.

All legal boundaries and names are as of January 1, 2020. The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of legal status or boundaries for other purposes, such as property or entitlement.
